

LOCAL · UNIFORMED · RELIABLE — WE SHOW UP

OBX Lot Solutions

The one call your sellers and buyers need after a closing.

Every house you sell leaves something behind — a garage full of the last owner's stuff, a tired driveway in the listing photos, or a vacant home nobody's checking on between closing and move-in. **That's our work. You hand off one number; we make you look good.**

1 House & estate clear-outs

Sold a house the new owner wants emptied? We clear it out — every room, garage, shed, attic — haul it off, and sweep it clean. Donatable items dropped at a charity (receipt for your seller). Written quote the same day, work photo-documented start to finish.

2 Pressure & soft washing — before the photos, before the closing

Salt and algae age a coastal house fast. A soft-washed roof and siding and a clean driveway lift curb appeal where it counts — the listing photos and the final walkthrough. Low-pressure soft wash on roofs and siding (never strips shingles), pressure on concrete.

3 Home-watch on vacant & staged listings

While a home sits empty, we check it on a schedule — leaks, pests, storm damage, HVAC — and send a photo report every visit. Peace of mind for your absentee sellers, and many insurers require checks on vacant homes anyway.

WHY AGENTS MAKE US THEIR GO-TO

One point of contact. We show up on time, in uniform, and leave a written quote the same day — no chasing, no surprises. You look like the agent who knows the right people. Most of our work is recurring, so we'd rather earn the relationship than win one job.

Serving: Corolla · Duck · Southern Shores · Kitty Hawk · Kill Devil Hills · Nags Head · Manteo · lower Currituck

Be the reason your clients have someone reliable. Keep a few of these by your desk — hand one to every seller with a house to empty and every buyer walking into a place that needs a clean.
